

8 1/2 x 11 PAGE

12 x 12 OPTION

Design the core of the page as an 8 1/2 x 11, then mount onto a 12 x 12 background.

More fun with four squares! Here, isolating a symmetrical grouping of photos creates an almost gallery-like display of your images. Framed with ample white space, the layout is finished with a simple title strip and journaling space, also surrounded with ample space, mirroring the space above.
